Features and benefits

Pure, clean water

Provide pure-tasting water in an instant, thanks to Zip's 3 micron MicroPurity filtration system, which removes impurities and contaminants.

Environmentally responsible

Create a healthier, greener workplace with no need for plastic bottles.

Caters for high volume usage

The HydroChill range has been designed to cater for commercial settings where large volumes of drinking water are required. In fact, the HydroChill Under-Counter HC50 has the capability to provide up to 150 litres of chilled or sparkling water an hour from a single unit.

Consumables and accessories

Serve clean-tasting water in a professional way by using Zip's table-top glass bottles.

Easy to install

Quick and simple to install and use.
