

RXE Plus

Electric Inertia Radiator, with digital control programmer.

✓ 10 Years* Guarantee

- ✓ Digital temperature selector
- ✓ Daily and weekly programming
- ✓ 5 year memory back-up
- ✓ 3 temperature modes
- ✓ Thermostat accurate to $\pm 0.1^{\circ}\text{C}$
- ✓ EcoSeco dry oil free technology

Patented wall fixing brackets

Why choose RXE Plus radiators?

The RXE Plus range harnesses our patented dry technology that was developed by Elnur to provide a more environmentally friendly, modern, stylish, efficient and totally controllable electric radiator.

The RXE Plus radiator range benefits from our vast industry experience and flair for innovation. Each radiator incorporates clever design features and is manufactured from a steel body with extruded aluminium front and upper panels. The extruded corrugated aluminium front panel design increases the heat cession to the room by more than 50%. In addition, the upper aluminium panel has been designed to re-direct the convection resulting in faster heat distribution.

Continuing our standard for "quality without compromise", RXE Plus radiators benefit from:

- + Highly accurate electronic thermostat for room temperature control.

- + Energy control management - ETCO (Electronic Triac Control Optimiser) to manage and restrict the flow of electricity.
- + Easy to use built-in daily/weekly programmer, allowing users to set their desired mode (comfort, economy or frost protection) for any hour of the day.
- + Open window detection for reduced energy waste.
- + Adaptive start control to guarantee maximum comfort at the desired time.

The RXE Plus range is a technically superb product that provides the best efficiency in direct electric heating, coupled with our industry-leading 5-year electronics and 10-year components warranty.

Technical Features

- Electronic TRIAC Control Optimiser (ETCO) to manage flow of electricity.
- Digital temperature selector for displaying real temperature, set up temperature, clock and other messages.
- Daily and weekly programmer.
- Three-level temperature selector: Comfort, Economy and Frost-protection.
- Open window detection for reduced energy waste.
- Adaptive start control.
- EcoSeco dry oil free technology.
- Built-in electronic ambient thermostat $\pm 0.1^{\circ}\text{C}$.
- Adjustable digital thermostat.
- Built-in On-Off switch.
- Security system with five-year memory backup, to prevent loss of programming.
- Flat lockable keyboard for easy cleaning.
- Ratings from 500 to 2000W.
- Thermal safety cut out.
- IP2X protection.
- Class I insulation.
- Stylish aluminium body finished in epoxy powder coating RAL 9010.
- Fitted with mains cable.
- Patented safety wall fixing brackets for ease of installation.
- Real time temperature display.
